  - The QR didn’t work, not sure how that happened.
  - Tabling until we hear from the state

- cell phone policy
  - If we are going to eventually going to present to staff, SSC, ILT etc, there needs to be a full layout of the plan
  - A. Leon
    - ILT wants to reword the language around the policy
      - Should be more direct and clear
    - C. Esselstein - kids are dependent on them, and are getting panicked without them.
  - J. Cantwell
    - We have the little warnings
    - Handbook says “before school, at lunch, or after school”
      - Confiscate if being used at an inappropriate time. and hand it to the admin. Parents may need to be called to take.
      - Doesn’t allow for teachers taking it at the beginning of class.
  - J. Dossett - needs to be enforced, yes a clearer plan, but there is no point in having the plan if teachers don’t enforce it across the board.
  - A. Leon - phone pockets are hard because they can still see it.
  - A. Leon - needs to be clearer about when we are allowed to take it.
L. Berlin - if you allow any sort of slack, they are on it. Can't just leave them in their backpack.
J. Cantwell - getting buy in from teachers will be hard
S. Vilanilam - what about the kids who refuse.
  - A. Leon - they know they don't have a choice. They sign a contract at the beginning of the year. In the syllabus for parents. But Scottie, Dossett and Leon, on the same page. So all the kids in our academy know.

- Volunteer food item funds
  - J. Cantwell - there needs to be more clarity on where we can use money to provide snacks for the industry partner participants. If we are losing funds, we need to either adjust expectations, or see if there are funds.
  - J. Dossett - More of an SSC conversation, could be parent involvement
  - J. Cantwell - Mentor Meetings ran out of money
  - J. Dossett - it applies to the whole school, so it should be school funded.
