| a. SSC Business | | |
| b. Principal Report | Sharing of FAST Winter Assessment Data | UTK–only 2 students did not show growth due to excessive absences  
Kinder – shows huge strides with the U-FLY Program, 90% of students write correctly, 94% at or above grade level, Deputy Superintendents and principal visited class. Even struggling students are doing well. First grade shows an increase in reading and a decrease in math due to the new different math assessment. Second grade shows a decrease in reading and an increase in math. Third through fifth grades show much improvement in reading, math, and a focus on writing.  
LCFF funds were used for subs, so teachers can focus on creating the rubrics for writing. |
