Goals in Supporting English Learners: 
Objetivos en el apoyo a los estudiantes que aprenden inglés:

➢ Celebrate children’s bilingualism and biculturalism and ensure they know their access to more than one language is an asset.
➢ Celebrar el bilingüismo y el biculturalismo de los niños y asegurarse de que sepan que su acceso a más de una lengua es una ventaja.
➢ Empower students and their families by ensuring high quality learning, support and information.
➢ Capacitar a los estudiantes y a sus familias garantizando aprendizaje, apoyo e información de máxima calidad.
➢ Ensure meaningful professional development for educators that build knowledge and practices known to support English Learners in improving academic achievement and post high school outcomes.
➢ Garantizar un desarrollo profesional significativo para los maestros que construyen el conocimiento y las prácticas conocidas para apoyar a los estudiantes de inglés en la promoción del éxito académico y los resultados escolares posteriores a la escuela secundaria.

Vision for Special Education: All schools will recognize that students with disabilities are general education students first and they will create a culture of belonging for them by providing educational access and meaningful opportunities, equal to those of their non-disabled peers.

Visión de la Educación Especial: Todas las escuelas reconocerán que los estudiantes con discapacidades son primero estudiantes de educación general y crearán una cultura de pertenencia para ellos proporcionándoles acceso educativo y oportunidades significativas, iguales a las de sus compañeros sin discapacidades.
