OLD BUSINESS:
4.1 Strategic Planning
The Board discussed the options for an external facilitator to support strategic planning and noted that they felt the District is at an inflection point, and recommended that the District pursue Battelle over CEC as an innovator/transformational vendor who will be helpful in gathering stakeholder input (including student), and looking at excellence nationwide. Options will be examined to contain and/or spread cost across fiscal years.

4.2 Full-Day Kindergarten
Dr. Stange reported that planning is fully underway for full-day kindergarten starting August 2021. An option will be offered for two weeks of half-day (pickup at lunch, just through Labor Day weekend).

NEW BUSINESS
5.1 Audience Comments
Dr. Stange read two submitted email communications. The first was a
petition signed by 196 District 29 community members supporting the inclusion LGBTQ+ subject matter in District 29’s health curriculum, noting it has been part of the curriculum for many years, is a requirement/guidance/best practice per many governmental organizations, and aligns with D29 mission. The second was submitted by Jackie & Erik Johnson and asked for clarification between Title IX and Illinois HB 246 (Inclusive Curriculum Law), expressing support for the LGBTQ community, expressing concern about the District overstepping into a parent’s role, and asking the community to remember similarities versus differences with the common goal of encouraging kindness, respect, and recognition.

District 29 community member Anne Peterson read a letter expressing hope and confidence that the future of the district will measure up to its past, leading through sometimes difficult conversations related to inclusivity in the same way it did previously with character education and then with social-emotional learning.

District 29 parent Sarah Crawford expressed a history of feeling welcome in this community, not experiencing discrimination here until the last board discussion, and hoping we will acknowledge those who feel they must hide their differences.

5.2 Board Open Discussion
Ms. Joseph recognized it is brave to submit public comment. Mr. Subeck noted the Board is not considering the omission of any required curriculum and is committed to improving communication on sensitive subjects. The Board supports the training of staff on LGBTQ+ topics, equal access to facilities and programs for all students, and gender-support plans for LGBTQ+ students. All students and staff are welcome and respected, differences are to be celebrated, and all public comments are appreciated.

6.1 Return to School Task Force
Dr. Stange reviewed the local and regional metrics, noting that it appears the COVID-19 metric are trending down. He reviewed the discussion at the recent Task Force meeting regarding potential mitigations to reduce the impact of quarantine situations (recess & PE are the pinch points). He summarized that the consensus of the Task Force was to not change any policies for the remaining four weeks of the school year (7th grade PE separation now in place, 5th/6th grade PE separation would require band/orchestra changes). He noted that for the fall, participation in remote learning would likely be based on specific eligibility requirements. He also summarized the Task Force discussion that in short-notice quarantine situations, sick days do help reduce classroom complexity.
6.2 Finance and Facilities Committee Report
Mr. Beerheide reviewed the IMRF audit finding related to Social Security levy vs IMRF (IMRF has a balance that is too high), noting that it was recommended to split the Fund 50 expense account into two funds (50/51) and over-levy social security for a period of time going forward until the balances are aligned, as recommended by the auditor.

6.3 Education Committee Report
Ms. Joseph summarized the report from the May 11, 2021 Education Committee meeting which included a review of the work from District Committees and Strategic Plan goals during the 2020-2021 school year.
